25. Opening of Tenders

- 25.1 The Procuring Entity will open all Tenders including modifications, substitutions or withdrawal notices made pursuant to ITT Clause 24, in public, in the presence of Tenderers or their representatives who choose to attend, and other parties with a legitimate interest in the Tender proceedings at the place, on the date and at the time, specified in the **Tender Data Sheet**. The Tenderers’ representatives present shall sign a register as proof of their attendance.
- 25.2 Where it is stated in the **Tender Data Sheet** that technical and financial proposals shall be submitted in separate envelopes, only the technical envelope will be opened at the initial opening of Tenders. The financial envelope will be opened following technical evaluation and only in respect of those offers that pass the technical evaluation.

Envelopes marked “WITHDRAWAL” shall be opened and read out first. Tenders for which an acceptable notice of withdrawal has been submitted pursuant to ITT Clause 24 shall not be opened but returned to the Tenderer. If the withdrawal envelope does not contain a copy of the

“Power of Attorney” confirming the signature as a person duly authorized to sign on behalf of the Tenderer, the corresponding Tender will be opened. Subsequently, all envelopes marked "MODIFICATION" shall be opened and the submissions therein read out in appropriate detail. Thereafter all envelopes marked “SUBSTITUTION” shall be opened and the submissions therein read out in appropriate detail.

The Tenderers names, the tender prices except where numerous Items are quoted separately, the total amount of each Tender and of any alternative Tender (if alternatives have been requested or permitted), any discounts, the presence or absence of Tender security, Tender Securing Declaration and such other details as the appropriate Tender Opening Committee may consider appropriate, will be announced by the secretary of the Tender Opening Committee at the opening. If technical evaluation precedes the opening of financial offers, no prices will be read out at the opening of the technical offers.
- 25.4 Tenders or modifications that are not opened and not read out at the Tender opening shall not be considered further for evaluation, irrespective of the circumstances. In particular, any discount offered by a Tenderer which is not read out at Tender opening shall not be considered further.
- 25.5 Tenderers are advised to send in a representative with the knowledge of the content of the Tender who shall verify the information read out from the submitted documents. Failure to send a representative or to point out any unread information by the sent Tenderer’s representative shall indemnify the Procuring Entity against any claim or failure to read out the correct information contained in the Tenderers Tender.
- 25.6 No Tender will be rejected at Tender opening except for late Tenders which will be returned unopened to the Tenderer, pursuant to ITT Clause 23.

The record of the Tender opening shall be recorded on the Tender Opening Register and shall include, as a minimum: the name of the Tenderer and whether or not there is a withdrawal, substitution or modification, the Tender price per Lot if applicable, including any discounts and alternative offers

and the presence or absence of a Tender Security or Tender Securing Declaration.

- 25.8 The Tenderers' representatives who are present shall be requested to sign the record. The omission of a Tenderer's representative's signature on the record shall not invalidate the contents and affect the record. A copy of the record shall be distributed to all the Tenderers.
- 25.9 A copy of the minutes of the Tender opening shall be furnished to individual Tenderers upon request.

26. Confidentiality

- 26.1 Information relating to the examination, clarification, evaluation and comparison of Tenders and recommendation of contract award shall not be disclosed to Tenderers or any other persons not officially concerned with such process until the award to the successful Tenderer has been announced.
- 26.2 Any effort by a Tenderer to influence the Procuring Entity processing of Tenders or award decisions may result in the rejection of its Tender.
- 26.3 Notwithstanding sub-Clause 26.2 from the time of Tender opening to the time of contract award, if any Tenderer wishes to contact the Procuring Entity on any matter related to the Tendering process, it should do so in writing.

27. Clarification of Tenders

- 27.1 To assist in the examination, evaluation and comparison of Tenders and post-qualification of the Tenderers, the Procuring Entity may, at its discretion, ask any Tenderer for a clarification of its Tender including breakdown of prices. Any clarification submitted by a Tenderer that is not in response to a request by the Procuring Entity shall not be considered.
- 27.2 The request for clarification and the response shall be in writing. No change in the prices or substance of the Tender shall be sought, offered, or permitted except to confirm the correction of arithmetic errors discovered by the Procuring Entity in the evaluation of Tenders in accordance with ITT Clause 30.
- 27.3 From the time of Tender opening to the time of Contract award if any Tenderer wishes to contact the Procuring Entity on any matter related to the Tender it should do so in writing.

28. Preliminary Examination of Tenders

- 28.1 Prior to the detailed evaluation of Tenders, the Procuring Entity will determine whether:

 - b) Any tender security submitted is in the required form, amount and validity period;
 - c) The tender has been signed by the person lawfully authorized to do so;
 - d) The required number of copies of the tender have been submitted;
 - e) The tender is valid for the period required;
 - f) All required documents and information have been submitted; and
 - g) Any required samples have been submitted.

The Procuring Entity's determination of a Tender's responsiveness will be based on the contents of the Tender itself.

- 28.2 A substantially responsive Tender is one which conforms to all the terms, conditions, and specifications of the Tender documents, without material deviation or reservation. A material deviation or reservation is one that:-
- a) Affects in any substantial way the scope, quality, or performance of the Services;
 - b) Limits in any substantial way, inconsistent with the Tender documents, the Procuring Entity's rights or the Tenderers obligations under the Contract; or

- 28.3 The Procuring Entity will confirm that the documents and information specified under ITT Clause 11, ITT Clause 12 and ITT Clause 13 have been provided in the Tender. If any of these documents or information is missing, or is not provided in accordance with the Instructions to Tenderers, the Tender shall be rejected.
- 28.4 The Procuring Entity may waive any minor informality, nonconformity, or irregularity in a Tender which does not constitute a material deviation, provided such waiver does not prejudice or affect the relative ranking of any Tenderer.

-
- 28.5 If a Tender is not substantially responsive, it will be rejected by the Procuring Entity and may not subsequently be made responsive by the Tenderer by correction of the nonconformity.
- 29. Technical Evaluation**
- 29.1 The Procuring Entity shall examine the Tender to confirm that all terms and conditions specified in the General Conditions of Contract and the Contract data sheet have been accepted by the Tenderer without any material deviation or reservation.
- 29.2 The Procuring Entity shall evaluate the technical aspects of the Tender submitted in accordance with ITT Clause 12, to confirm that all requirements specified in Section VI – Schedule of Requirements of the Tender documents and Section VII – Technical Specifications have been met without material deviation or reservation.
- 29.3 If after the examination of the terms and conditions and the technical evaluation, the Procuring Entity determines that the Tender is not substantially responsive in accordance with ITT Clause 28, it shall reject the Tender.
- 30. Financial Evaluation**
- 30.1 Tenders determined to be substantially responsive will be checked for any arithmetic errors. Errors will be corrected as follows:-
- a) If there is a discrepancy between unit prices and the total price that is obtained by multiplying the unit price and quantity, the unit price shall prevail, and the total price shall be corrected, unless in the opinion of the Procuring Entity there is an obvious misplacement of the decimal point in the unit price, in which the total price as quoted shall govern and the unit price shall be corrected;
 - b) If there is an error in a total corresponding to the addition or subtraction of subtotals, the subtotals shall prevail and the total shall be corrected; and
 - c) Where there is a discrepancy between the amounts in figures and in words, the amount in words will govern.
- 30.2 The amount stated in the Tender will be adjusted by the Procuring Entity in accordance with the above procedure for the correction of errors and, with, the concurrence of the Tenderer, shall be considered as binding upon the Tenderer. If the Tenderer does not accept the corrected amount, its Tender will then be rejected, and the Tender security shall be forfeited or the Tender securing declaration may be executed in accordance with sub-Clause 19.5.

-
- 30.3 Where applicable and as stated in the Tender Data Sheet, the Procuring Entity will convert all Tender prices expressed in the amounts in various foreign currencies in which the Tender prices are payable to Kenya Shillings at the selling exchange rate established for similar transactions by the Central Bank of Kenya or a commercial bank in Kenya.
- 30.4 The currency selected for converting Tender prices to a common base for the purpose of evaluation, along with the source and date of the exchange rate, are specified in the **Tender Data Sheet**.
- 30.5 The Procuring Entity shall evaluate and compare only the Tenders determined to be substantially responsive, pursuant to ITT Clause 28.
- 30.6 The Procuring Entity's evaluation of a Tender will include and take into account:
- a) In the case of goods manufactured in Kenya or goods of foreign origin already located in Kenya, VAT and other similar taxes, which will be payable on the goods if a contract is awarded to the Tenderer;
 - b) In the case of goods of foreign origin offered from abroad, customs duties and other similar import taxes including value added taxes which will be payable on the goods if the contract is awarded to the Tenderer; and
 - c) Any allowance for price adjustment during the period of execution of the contract, if provided in the Tender.
- 30.7 The comparison shall be between the EXW price of the goods offered from within Kenya, such price to include all costs, as well as duties and taxes paid or payable on components and raw material incorporated or to be incorporated in the goods, and the landed cost (CIF named port of destination or CIP border point, or CIP named place of destination) making up the price of the goods offered from Kenya.
- 30.8 a) In evaluating the Tenders, the evaluation committee will, in addition to the Tender price quoted in accordance with sub-Clause 15.1, take account of the evaluation criteria specified in the **Tender Data Sheet**.
- 30.9 For the evaluation criteria specified in the **Tender Data Sheet** pursuant to sub-Clause 32.4, one or more of the

following quantification methods will be applied, as detailed in the **Tender Data Sheet**:

a) *Inland transportation from EXW/port of entry/border point, Insurance and incidentals.*

Inland transportation, insurance, and other incidental costs for delivery of the goods from EXW/port of entry/border point to Project Site named in the **Tender Data Sheet** will be computed for each Tender by the PE on the basis of published tariffs by the rail or road transport agencies, insurance companies, and/or other appropriate sources. To facilitate such computation, Tenderer shall furnish in its Tender the estimated dimensions and shipping weight and the approximate EXW/CIF (or CIF border point) value of each package. The above cost will be added by the PE to EXW/CIF/CIP border point price.

b) *Delivery schedule.*

The goods covered under this invitation are required to be delivered (shipped) within an acceptable range of weeks specified in the Schedule of Requirement. **No credit will be given for earlier deliveries, and Tenders offering delivery beyond this range will be treated as non-responsive.** Within this acceptable range, an adjustment per week, as specified in the **Tender Data Sheet**, will be added for evaluation to the Tender price of Tenders offering deliveries later than the earliest delivery period specified in the Schedule of Requirements.

c) *Deviation in payment schedule.*

Tenderers shall state their Tender price for the payment schedule outlined in the CDS. Tenders will be evaluated on the basis of this base price. Tenderers are, however, permitted to state an alternative payment schedule and indicate the reduction in Tender price they wish to offer for such alternative payment schedule. The Procuring Entity may consider the alternative payment schedule offered by the selected Tenderer.

d) *Total cost of ownership*

The Procuring Entity will take account of the total cost of ownership of the Items being supplied including the following criteria:

e) *Cost of spare parts*

The Procuring Entity will estimate the cost of spare parts usage in the initial period of operation specified in the Tender Data Sheet, based on information furnished by each Tenderer, as well as on past experience of the Procuring entity or other purchasers in similar situations. Such costs shall be added to the Tender price for evaluation.

f) *Spare parts and after sales service facilities in Kenya*

The cost to the PE of establishing the minimum service facilities and parts inventories, as outlined in the **Tender Data Sheet** or elsewhere in the Tender documents, if quoted separately, shall be added to the Tender price.

g) *Operating and maintenance costs*

Since the operating and maintenance costs of the goods under procurement form a major part of the life cycle cost of the ITEM, these costs will be evaluated in accordance with the criteria specified in the **Tender Data Sheet** or in the Technical Specifications.

h) *Performance and productivity of the ITEM.*

Tenderers shall state the guaranteed performance or efficiency in response to the Technical Specification. For each drop in the performance or efficiency below the norm of 100, an adjustment for an amount specified in the Tender Data Sheet will be added to the Tender price, representing the capitalized cost of additional operating costs over the life of the plant, using the methodology specified

in the Tender Data Sheet or in the Technical Specifications.

i) *Specific additional criteria.*

Other specific additional criteria to be considered in the evaluation and the evaluation method shall be detailed in the Tender Data Sheet and/or the Technical Specifications.

30.1 If these Tender documents allow Tenderers to quote separate prices for different Lots, and the award to a single Tenderer of multiple Lots, the methodology of evaluation to determine the lowest evaluated Lot combinations, including any discounts offered in the Form of Tender, is specified in the **Tender Data Sheet**.

31. National Preference

31.1 In the evaluation of Tenders the Procuring Entity shall apply exclusive preference to citizens of Kenya where:

- a) The funding is 100% from the Government of Kenya or a Kenyan body;

- b) Providing proof of being a “citizen contractor” in terms of section 3(1) of the Act, i.e. being a natural person or an incorporated company wholly owned and controlled by persons who are citizens of Kenya.

31.3 In the event of the Minister for Finance prescribing additional preference and/or reservation schemes, details will be given in the Tender Data Sheet.

32. Post-qualification of Tenderer

32.1 If specified in the **Tender Data Sheet** Post-qualification shall be undertaken.

32.2 The Procuring Entity will determine to its satisfaction whether the Tenderer that is selected as having submitted the lowest evaluated responsive Tender is qualified to perform the contract satisfactorily, in accordance with the criteria listed in sub-Clause 13.3.

32.3 The determination will take into account the Tenderer’s financial, technical, and production capabilities. It will be based upon an examination of the documentary/physical evidence of the Tenderer’s qualifications submitted by the Tenderer, pursuant to

sub-Clause 13.3, as well as such other information as the Procuring Entity deems necessary and appropriate. Factors not included in these Tender documents shall not be used in the evaluation of the Tenderers' qualifications.

- 32.4 An affirmative determination will be a prerequisite for award of the contract to the Tenderer. A negative determination will result in rejection of the Tenderer's Tender, in which event the Procuring Entity will proceed to the next lowest evaluated Tender to make a similar determination of that Tenderer's capabilities to perform satisfactorily.

F. Award of Contract

|---|---|
| 33. - 36.4 If, after notification of award, a Tenderer wishes to ascertain the grounds on which its Tender or application for pre-qualification was unsuccessful, it should address its request to the secretary of the Tender Committee that authorized the award of contract. The secretary of the Tender Committee shall, within fourteen days after a request, provide written reasons as to why the tender, proposal or application to be pre-qualified was unsuccessful. However, failure to take this opportunity to clarify the grounds for rejection does not affect the Tenderer's right to seek immediate review by the Public Procurement Administrative Review Board under Clause 43.
- 37. Post Tender Concurrence**
- 37.1 Limited negotiations may be undertaken with the evaluated Tender under Direct procurement method relating to the following areas:
